

YMCA

We build strong kids,  
strong families, strong communities.

Terry O'Neill and Gang (Roger, Jim, and Doug)  
If It's Water, Inc.  
June 26, 2000

Just a short note of appreciation and thanks regarding the fine job accomplished designing and installing our new Neptune-Benson pool filtration system. It is a pleasure working with a team of dedicated professionals willing to complete a project as proposed and who furthermore responds promptly to any question or concern after the job is finished.

Our 135,000-gallon indoor pool has crystal clear water and we are operating more efficiently than ever before. Our backwash time has been reduced tremendously thereby saving on chemicals, energy, and water (as much as one-half the pool volume yearly!) I am also pleased with the Pulsar chlorination system and Stranco controllers you recommended and installed a year earlier. They are low maintenance and very reliable.

I welcome any potential customer of yours to visit our YMCA anytime and compare our water to his or her own.

Sincerely,

Michael Rieker, Facilities Director at the Upper Bucks YMCA
